

At Foley's on the Mall Your Safety is our Priority.

We have designed our Covid-19 response plan to ensure the safety and well-being of our customers, staff and the wider community. When you visit us you can be sure we are following all of the safety measures laid down in the Government protocols and doing our very best to make sure we have a safe space for you to enjoy.

These are just some of the processes we have in place to battle the spread of Covid-19, while also ensuring that we in no way compromise our standard of service and the warm welcome you expect at Foley's.

What Are we Doing?

We will be managing queuing and access in line with Government advised physical distancing. Please help us by booking in advance and arriving on time.

Our staff will show you to your table, and we have hand sanitisers available at key points.

Tables and chairs are cleaned between sittings, menus are sanitised after each use.

We have increased our cleaning schedules and have heightened our disinfection practices in all areas with special attention to high touch points in line with recommendations from Government and NPHET (National Public Health Emergency Team). We consider our high touch points as our pens, CC machines, mobile devices and door handles to name just a few.
